

# Senior/Principal Geotechnical Engineer - Brisbane

Core Consultants is an earth sciences advisory company that provides geotechnical and environmental solutions across Australia for the benefit of our clients and the community.

We are looking for a **Senior/Principal Geotechnical Engineer** to expand our Brisbane office.

The role includes business ownership opportunity and the freedom to develop your career.

## Key requirements include:

- Relevant degree qualifications (preferably including post-graduate)
- Professional accreditation (CPEng, RPEQ)
- At least 15 years' consulting experience in Brisbane and SEQ
- Technical and business development skills, particularly regarding geotechnical site investigation, slope stability and geotechnical design
- Australian citizenship or permanent residency.

Core Consultants' head office is based on the Sunshine Coast, with a long and successful history of working with key stakeholders, clients, and the community.

Consultants is ISO certified in:

- AS/NZS ISO 9001:2008 Quality Management System
- AS/NZS ISO 4801:2001 OH&S Management System
- AS/NZS ISO 14001:2004 Environmental Management System.

We are proudly locally owned and operated, providing dedicated and superior service, while living by our values and business philosophy.

Please submit your cover letter and CV to [careers@coreconsultants.com.au](mailto:careers@coreconsultants.com.au)

*Please note: applications that do not meet the key requirements will not receive a response.*
